

No. 64-007

14 January 1964

Dear Clarence:

25X1A

This is the most recent information from [] regarding their billing and quoted rates for 1964. There is also a copy of their Invoice No. 6 covering a retroactive overhead adjustment. Just sending these along for your information filing, however, if you see anything in these rates which you think should be questioned please give me a call.

25X1A

There is a possibility that more work will be moved in the direction of [] On our most recent trip to Headquarters we learned that some additional contracts are involved with other companies and the probability is that [] will provide our technical people with technical advice. In all probability there will be an expanded effort involving man hours only. It looks like the other Contractors would not be subcontractors of [] as we had arranged in the case of []

25X1A

25X1A

Outside of the foregoing the work at [] seems to be moving along very nicely.

25X1A

Sincerely,

Art

Encl

7 January 1964

Dear Art:

25X1A

Approval has been obtained from our cognizant ACO,
for the following billing and quoting rates for 1964:

Overhead
Advance Engineering
G&A

25X1A

A change in provisional billing rates for 1963 has also been approved. The
revised 1963 rates are:

Overhead
Advance Engineering
G&A

25X1A

The attached invoice corrects our 1963 billings through November to these
revised levels.

Sincerely,

Bill

Att: Invoice #6 (2 copies)
